U.I. Lapp GmbH PRODUCT INFORMATION LAPP GROUP EPIC® MCR 10 05.11.2015

The mixed assembly guarantees high flexibility. For applications in mechanical and plant engineering, for printing machines and slide-in technology.

The mix of different functions in one plug guarantees high flexibility Assembly of individual connectors, suitable for different applications

Automation & fältinstallation

Industrial machinery and plant engineering

Wind Energy

Info

Frame system for modules

Various functions can be used together in one connector

Product features

The MCR "male" frame version is designed for use with modules with male contacts; the "female" version is designed for use with modules with female contacts

Remark

Photographs are not to scale and do not represent detailed images of the respective products.
