Mark 7 High Tension - Tensioning and Cut-Off Tool for T18-T50 and CTT20-CTT60 Series Cable Ties

Download spec sheet

Base Data

Local Order Number MK7HT

Type MK7HT

Color Black (BK)

Features and Benefits The MK7HT is distinguished from the MK7 mainly by its increased 'pulling force'. It is particularly suitable for applications requiring cable ties to be very tightly applied.

Product Description Ranging from the high performance Mark 7 and Mark 9 series tools to pocket-sized twist tools, HellermannTyton offers a range of mechanical tools which can be used with any HellermannTyton cable tie. When using these tools, the cable tie is hand applied and then manually tensioned and cut-off, without the use of an extraneous power source.

Short Description Mark 7 High Tension - Tensioning and Cut-Off Tool for T18-T50 and CTT20-CTT60 Series Cable Ties

Product Dimensions
