

SPECIFICATION OUTLINE

Date: February 1, 2011

EIS Wire & Cable P/N: 80420024010

Description: Four conductor unshielded cable.

Conductors: (4) 20 AWG stranded (10/30) tinned copper conductors.

Insulation: 16 mils nominal of 105°C rated PVC

O.D. over insulation: .070"

Cable construction: Four conductors twisted together with a left-hand lay.

Separator: Tissue paper separator between the cable and jacket for strippability.

Jacket nominal wall: 28 mils of 105°C rated glossy PVC.

Jacket is pressure extruded over the cabled assembly for roundness.

Jacket color: Gray

Nominal O.D.: .225"

Color code: 1 – Black 3 – Red
 2 – White 4 – Red

RoHS compliant: Yes
