LEVITON

SECURE. EFFECTIVE. ORGANIZED.

VELCRO® Brand Hook & Loop Fasteners
Secure your cabling infrastructure safely and easily

Use Velcro Brand Fasteners to properly secure your network infrastructure. The broad line of products, including Bulk Rolls, Compression Straps, SoftCinch Rolls, and Bulk-Packed Tie-Wraps, helps organize and support cables and cords in a variety of applications.

While other products have the potential to kink or crimp the cables and damage costly installations, Velcro Brand Fasteners offer a safer solution, making them one of the most effective ways to organize and manage cables and support optimum performance. Leviton recommends Velcro Brand Fastener products for copper and fiber cable management in all low-voltage multimedia systems and offers a variety of solutions.

FEATURES

- Safely organize and manage copper, fiber, and power cables
- Reusable solution for moves, adds, and changes (MACs)
- Offers flexible, orderly cable and cord routing
- Available in varying lengths, colors, and styles
- Flammability rating UL 94V-2 – specific products only
