

PRODUCT SPECIFICATION

Product Number: SS379

This specification is for wire per UL style 1423, 105°C, voltage rating not specified; 30 AWG solid, silver plated, oxygen free high conductivity copper.

Conductor:

Size: 30 AWG
Stranding: Solid
Nominal OD: 0.0102" +/- 0.0001"
Material: Silver plated OFHC copper per ASTM B170
Plating: Silver, 40 microinch minimum per ASTM B298
Resistance: 102.0 Ohms per 1000 feet maximum

Insulation:

Material: Polyvinylidene Flouride Resin (PVDF)
Minimum average wall: 0.004"
Minimum wall at any point: 0.003"
Nominal OD: 0.0180"
Absolute Maximum OD: 0.0185"
Color code: As specified

Surface Markings:

None

Characteristics

This wire meets requirements per UL Style 1423, subject 758
