
SPECIFICATION

RSCC Part Number: 30SOFU1423

This specification is for wire per UL style 1423, 105°C, voltage rating not specified; 30 AWG solid, silver plated, oxygen free high conductivity copper. This product is RoHS compliant.

Conductor:

Size: 30 AWG

Nominal OD: 0.010"

Material: Silver plated OFHC copper per ASTM B170

Plating: Silver, 40 microinch minimum per ASTM B298

Insulation:

Material: PVDF

Minimum average wall: 0.004"

Minimum wall at any point: 0.003"

Nominal OD: 0.0195" +/- 0.001"

Color code: As specified

Characteristics

This wire meets requirements per UL Style 1423, subject 758
