

INDUSTRIFIL

F-30470 Aimargues

Technical data

· AWG 34 rigid core (UAA 3401)

Stranded silver plated soft copper core, 1 x 0.15 mm

Chemical composition : 99.9 % copper mini

Silver plating : 1 micron mini

PFA (Perfluoro Alkoxy) insulation, nominal diameter 0.30 mm

Maximum intensity : 250 mA

Temperature : -200/+200 °C

Rated voltage : 150 VAC

Linear resistance : 1.0 ohm/m +/- 8%

Dielectric test : 1980 VDC / 1 min

UL V-0

RoHS compliant

Following norms (without homologations)

- ASTM B 298
- NFC 93523
- MIL W 16878 (extruded)
