IRRAX SLEEVE SCM2 (No Mark)

MEDIUM WALL POLYOLEFIN WITH SEALANT High Shrink Ratio

RoHS/RoHS2 Compliant Lead-Free TYPICAL FEATURES

- 1) IRRAX SLEEVE SCM2 is a medium wall, heatshrinkable polyolefin tubing with large expansion ratios and an inner liner of hot melt adhesive.
- 2) This product is non-flame retarded.
- 3) Shrink temperature is 115° C.

- IRRAX SLEEVE SCM2 provides good electrical insulation and, at the same time, resists abrasion and corrosion. The material is tough and provides good mechanical support and strain relief.
- 5) Operating temperature range is -40° C to $+120^{\circ}$ C
- 6) Typical applications include covering of splices and electrical terminations. SCM2 sleeves provide seals with a variety of synthetic sheath materials and most metals, including lead, aluminum and steel. It is suitable for termination of low voltage cables and connector covers for CATV.
