WHEN PERFORMANCE MATTERS MOST™

BMP®61 Label Printer
Performance That Matches Your Own

Brady's BMP®61 label printer is designed for quick and efficient identification of wires, cables and components. With high performance materials that can handle the toughest industrial identification applications, this printer is your rugged and reliable partner in the field and dependable workhorse in the shop. It features multiple user interfaces, touch screen capabilities and a variety of ways to connect, manage and save your data.

With the BMP®61 printer in hand, you're ready to tackle identification tasks- and finish those tasks flawlessly.

Key Features

The BMP®61 printer is designed to be simple, efficient, versatile and reliable with the following features:

- Large, color touch-screen display
- Data connectivity with USB 2.0 ports, flash drive support & optional WiFi
- Wide cover opening & large material bay offers easy material loading
- Smart cell technology for quick, automatic label formatting
- Simple user interface and intuitive QWERTY style key pad
- Die-cut, continuous and custom label supplies up to 2 " for a range of applications
- 300 dpi print head for clear, crisp font
- Tested to survive a four-foot drop with rubber bumpers and durable design
- Utility strap for improved storage and handling
