

## V-System<sup>™</sup> Compatible Mounting Accessories

EGR enclosures feature V-System-ready sides with small laser knockout holes on a 5-1/4" grid. V-System brackets and accessories use the grid to provide highly flexible mounting options for large and small AV components, power strips, cabling, and even rackrail. Brackets can be used in any combination, vertically or horizontally, to meet the needs of installers.

V-System accessory brackets provide mounting points for equipment and other system elements such as rackrail and lacer bars. Models are available in fixed and slotted hole patterns, and with various standoffs, for flexibility. Here are some examples:

The

V-System sub-plates bridge the mounting grid to provide wider mounting surfaces and feature a versatile mounting pattern.

# Slim 5 Series

# Versatile Rack Frame System Satisfies Many Design Requirements

### **Structural Features**

• Standard front and rear fixed heavy-gauge, 10-32 threaded rackrail with marked rackspace increments to speed equipment mounting

with steel side panels

- Bolt-together design allows for flat shipment via UPS
- Unique mechanically interlocking corner joint is central to each unit's exceptional strength and eases assembly
- 1/2" and 3/4" top and bottom electrical knockouts in rear of rack for cable pass-through
- Optional removable steel side panels provide security while attractive thermolaminate top and side panel options provide aesthetic appeal for home and studio installations
- Specify a Slim 5 when multiple racks need to be joined or when open sides are desirable

#### **Thermal Management**

Top includes two laser knockout locations to mount cooling fans

### **Regulatory / Certifications**

- Static load capacity 1,000 lbs.
- UL Listed in the US and Canada. UL Listed load capacity 400 lbs.
- GREENGUARD Indoor Air Quality Certified for Children and Schools (the most strict level)

middleatlantic.com • V: 800-266-7225 • F: 800-392-3955

# **Slim 5 Series**

### Casters (add 3-7/8" to overall cabinet height)

#### Accessories

WUSS and SH Series shelves need to be installed prior to installation of wood side panels, which conveniently lift off.

Requires the use of a cable chase when used in multi-bay installations. Doors provide 1-1/2" clearance.

Securing kevlock included. Slim
