
Mil. Spec. Grommet

Fits 13/16" Diameter Hole & 1/4" Thick Panel, MS-35489-101

Panel Hole Diameter (A)	13/16"
Panel Thickness (B)	1/4"
ID (C)	1/2"
OD (D)	1 1/16"
Overall Thickness (E)	1/2"
MS Dash Number	101
AN Dash Number	C8-13
Color	Black
RoHS	Compliant

All grommets meet MIL-G-3036. Most meet MS-35489 and are AN 931 approved. Grommets are flexible and push into place to insulate and seal around holes in panels, as well as dampen vibration and minimize abrasion. Durometer is 50A.

Standard grommets are Buna-N rubber. They are for indoor use only; temperature range is 0° to 250° F. Color is black.
