A0649869 Optical Fiber Splice Organizer Kits and Trays

**DESCRIPTION**

Optical fiber Splice Organizer Kits provide the accessories necessary for installing the FiberExpress Fiber Patch Panels, as well as other fiber terminals that accommodate the standard NORDX/CDT organizer tray.

**FEATURES & BENEFITS**

- Accommodates up to 24 splices per organizer tray
- Provides mechanical support and protection for optical fibers
- Holds a length of slack fiber for re-splicing
- Individual fibers can be accessed for testing and re-splicing
- Easy identification of fibers and fiber groups
- Compatible with 250 µm (loose buffered) and 900 µm (tight buffered) optical fiber.

**APPLICATIONS**

Fusion or mechanical splicing environments.

**ORDERING INFORMATION**

**7.6.1-B Optical Fiber Splice Organizer Kit**

DETAIL	LENGTH	UPC	ORDERING NUMBER
Splice kit, tray	203 mm (8 in.)	628575045839	A0649869
Splice kit, tray	305 mm (12 in.)	628575040285	A0318904

**7.6.1-C Optical Fiber Splice Tray**

DETAIL	LENGTH	UPC	ORDERING NUMBER
Fusion	203 mm (8 in.)	628575040742	A0335015
Universal (mechanical or fusion)	203 mm (8 in.)	628575052752	AX100079
Tray cover	203 mm (8 in.)	628575041909	A0394331
Fusion	305 mm (12 in.)	628575040216	A0316446
Universal (mechanical or fusion)	305 mm (12 in.)	628575041879	A0394328
Tray cover	305 mm (12 in.)	628575041893	A0394330

**ORDERING TIPS**

- Each Splice Organizer Kit includes:
  - One Splice organizer tray (fusion)
  - Bond clamp and ground clip
  - Fiber support and protection tubes
  - Cable ties and identification markers.
- Splice organizer trays and cover can be ordered separately.

NORDX/CDT Optical Fiber Splice Organizer Kits and Trays ensure the orderly arrangement and protection of optical fibers and splices.

Each tray accommodates up to 24 mated pair splices.

**7.6.1-C Optical Fiber Splice Tray**

**ORDERING TIPS**

- Each Splice Organizer Kit includes:
  - One Splice organizer tray (fusion)
  - Bond clamp and ground clip
  - Fiber support and protection tubes
  - Cable ties and identification markers.
- Splice organizer trays and cover can be ordered separately.

NORDX/CDT Optical Fiber Splice Organizer Kits and Trays ensure the orderly arrangement and protection of optical fibers and splices.

Each universal tray accommodates up to 12 mated pair splices.  
Each fusion tray accommodates up to 24 mated pair splices.
