

Providing superior protection for automotive wiring harnesses Conduit

General Purpose Conduit

NC Standard weight, Polyamide 6	2/3
NC Slit standard weight, Polyamide 6	2/4

Extra Flexible Conduit

CTPA Lightweight, Polyamide 6	2/5
CTPA Slit lightweight, Polyamide 6	2/6
HNC Standard weight, Polyamide 12	2/7

Flame Retardant Conduit

NCV Standard weight, FR Polyamide 6	2/8
CPC Medium weight, FR Co-Polyester	2/9

Polypropylene Conduit

PP Medium weight, Polypropylene	2/10
DSPP Deep section, medium weight, Modified Polypropylene	2/11

Super Low Fire Hazard Conduit

PKC Standard weight, Polyketone	2/12
---------------------------------	------

High Temperature Conduit

HTC High temperature, Modified Co-Polyester	2/13
