

**Specification Sheet  
JUMPER CABLE**

An American-made, TPE jacketed flexible duplex cable.

**Conductors (common to all gauges):**

Maximum voltage: 60 volts  
 Stranding: Bunch stranding  
 Conductor temperature: +90C to -40C & +194F to -40F  
 Separator: Mylar  
 Copper: Fully annealed soft-drawn copper  
 Meets or exceeds ASTM-B-172

**TPE (Thermoplastic Elastomer) Duplex Jacket:**

Oil Resistant          Flame Resistant          Abrasive Resistant  
 Tear Resistant          Grease Resistant          Cut Resistant
