LabelMark™ Labeling Software
Easy, efficient, cost-effective labeling!

Brady's LabelMark™ Labeling Software offers features that make creating labels more efficient. Written specifically for identification applications in the telecommunication, laboratory and electrical markets where wire and cable marking is a constant and tedious job.

LabelMark labeling software is the easy solution for label design, editing and printing. LabelMark™ label making software is a fast system for creating new labels and printing professional, accurate and legible labels.

With built-in templates, wizards, fixed text labels and free form design, LabelMark Label Software simplifies label making in the electrical, industrial, aerospace, laboratory, and telecomm industries.

Printer Compatibility:
- TLS 2200® and TLS PC LINK™ Printer
- BMP®71 Label Printer
- BBP®12 Label Printer
- BBP®33 Label Printer
- IP™ Series Printer
- Bradyprinter™ PR Plus Printer
- BBP®72 Double-Sided Printer
- Wraptor™ Wire ID Printer

Primary Applications
- Wire and Cable Marking
- Terminal Block Marking
- Control Panel and Component Marking
- Voice and Data Equipment Labeling
- Asset Identification
- Patch Panel Identification
- Warehouse Bin and Shelf Labeling
- Rating Plate ID and General ID

LabelMark Professional Features:

- Quickly enter copy into fixed-line text labels
- Add images, text, shapes, and 1D, 2D barcodes to your label designs
- Import data from MS Excel, databases, ASCII text files
- Design custom label material formats with the interactive custom part editor
- Save label designs as templates for faster printing
- Enter text into multiple lines simultaneously in wire marking mode for easier label reading
- Fix label design errors all at once with the error checking utility
- Save time in the design by defining wire source and duplicating and reversing the order to print wire destination for faster labeling

- Insert AutoCAD documents into your label designs
- Define the print quantity per label right in the design editor
- Associate label material parts to printers in the application defaults
- Batch print multiple label files in a single job
- Group your terminal blocks, wire, pushbutton, and panel labels in customer associated job files for easy kitting and knowledge transfer to other employees
- Electrical Applications Wizards to guide you through label selections for control panel labeling, wire harness labeling, and more.

For Wire & Cable, Laboratory and General Industrial Labeling
