MediaFlex Multimedia Inserts

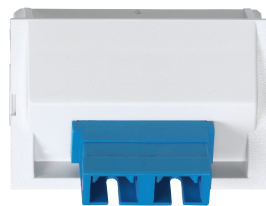

AX101878 3-port, Angled, MediaFlex RCA Insert

AX101882 1-port, Angled, MediaFlex S-Video Insert

AX101886 1-port, Angled, MediaFlex SVGA Insert

AX101937 MediaFlex Multimedia, Duplex SC

MediaFlex Multimedia inserts are one part of the comprehensive line of plates and inserts that snap together to create a full line of modular workstation outlets. This product line, called the MediaFlex Modular Outlet Series, has been designed with the help of industrial designers as well as other professionals in the industry in order to combine flexibility, ease of use and high-tech aesthetics for work area installations.

MediaFlex Multimedia inserts provide optimum flexibility in configuring multimedia workstation outlets that respond to any present or future network needs. MediaFlex Multimedia Inserts along with MediaFlex MDVO (style) inserts and MediaFlex Filler Inserts allow for easy configuration of outlets. All inserts are front loaded and easily snapped in and out of the MediaFlex Plates for easy installation and maintenance.

MediaFlex Multimedia inserts include the following products:

- > 3-Port RCA insert with IDC termination in the rear
- > S-Video insert with IDC termination in the rear
- > SVGA (DB15) insert with IDC termination in the rear
- > Duplex SC inserts in Multimode and Singlemode

MediaFlex Multimedia Inserts are available in Angled versions only in order to allow for proper management of cable bend radius. The inserts are three units high, therefore two inserts are required to fully populate a single gang faceplate and four inserts will fully populate for a double gang faceplate.

Features & Benefits

- > Front access design facilitates installation and warrants evolution
- > Available in Angled versions
- > Sturdy design provides excellent durability for greater network protection
- > RCA, S-Video & SVGA inserts have IDC termination in the rear for installation cost benefits
- > Duplex SC inserts are available in Multimode & Singlemode to suit any fiber-to-the-desk environment.

Application

- > Telecommunications outlets in work areas.

Technical specifications

- > Dimension (H x W x D):
 - RCA: 35.2 x 52.0 x 32.2 mm (1.39 x 2.05 x 1.27 in.)
 - S-Video : 35.2 x 52.0 x 26.9 mm (1.39 x 2.05 x 1.06 in.)
 - SVGA : 35.2 x 52.0 x 30.7 mm (1.39 x 2.05 x 1.21 in.)
 - Duplex SC : 35.2 x 52.0 x 31.7 mm (1.39 x 2.05 x 1.25 in.)
- > Materials: UV-rated, fire-retardant plastic, UL94V-0, gray, almond, electrical white or black.

MediaFlex Multimedia Inserts

Installation tips

- > Fasten MediaFlex Plate to wall prior to snapping the inserts in place
- > Remove MediaFlex Inserts by unlatching both sides using the Release Tool (AX101185) or any small flat screwdriver

- > For IDC termination of the MediaFlex multimedia inserts, use the outlet termination station (AX101852)
- > For the SVGA (DB15) inserts, it is important not to untwist pair more than 1/2 inch for pairs 1-6, 2-7 & 3-8 in order to reach optimized performance. Keep the integrity of the pair up to the pair splitters.

Packaging

- > Individually packaged in a clear plastic bag
- > Standard shipping carton of 25 units.
