

FEP Flat Ribbon Cable

I.D.C.

Product Description

FEP (Fluorinated Ethylene Propylene) insulated conductors extruded in ribbon format for ease of termination with standard I.D.C.'s (Insulation Displacement Connectors).

Features & Benefits

- Extruded - Will Not Delaminate
- Tight Pitch Tolerances
- High Temp (200° C)
- Resistant to Chemicals
- Environmentally Stable
- High Performance Dielectric Insulation
- Non-combustible

Product Scope

Center Spacing	.050"	.025"	.0394" (1 mm)
Conductor	26 AWG, 7/34, SPC 26 AWG, 7/34 Bare 28 AWG, 7/36, SPC 28 AWG, 7/36 Bare	30 AWG, Solid, SPC 32 AWG, 7/40, SPC	28 AWG, 7/36, SPC
Signal Count	10 to 64	10 to 100	10 to 80

* For termination with standard I.D.C.'s

Specialty: Custom Constructions
