

T6 Series Table Boxes

FSR

Metal Products Group

T6 Black / Aluminum

Shown with round cover and IPS Plates.

T6 Brass

Shown with square cover and IPS Plates.

T6 Aluminum

Shown with round cover and Brush inserts.

DESCRIPTION

FSR's award winning line of T6 Table Box solutions provide low voltage connectivity options including AC and USB Charging, cable retractors, gravity feed cable pulls, and our IPS and Simple Solutions pass-thru type connectors. The T6 Table Boxes are 100% configurable for all your high and low voltage needs.

This elegant addition to your conference table include multiple plate arrangements and overall plate depth adjustment; the cover can be closed while in use with cables exiting through the milled openings, a choice of round or square covers and finishes that include black anodized, clear anodized aluminum or brushed brass. Covers with brush seals to protect against dust and debris are available (see images above).

Mounting is a snap! Whether you select a round or square cover, the mounting is always a 6" diameter round hole.

The T6 can be ordered in a variety of configurations. Use the chart on the back of this sheet to simplify the ordering process.

APPLICATIONS

- Desks
- Lecterns
- Lab Tables
- Huddle Areas
- Boardroom Tables
- Control Consoles
- Classrooms
- Collaboration Areas

FEATURES
