

DataCELL® FIELD CC-Link® Cable

Industrial-Tough Network Cables.

NWI leads the way manufacturing rugged DataCELL® FIELD CC-Link® (Control and Communication Link) cables specifically designed for the tough plant environments utilizing networked discrete automation and control. CC-Link® offers high-speed communication between controllers and intelligent field devices like I/Os, sensors and actuators. Through continued product innovation and refinement, NWI remains the leading manufacturer of cables for industrial networking.
