

STP-300 BB Single Sided Thermal Transfer Printer

Product Overview:

The Sumitag™ STP-300 BB single sided printer is ideal for lower volume yet high quality printing on heat shrink sleeves. This robust thermal transfer printer is manufactured for industrial applications and offers excellent print definition and mark permanence. A time-saving solution for wire marking where waste and labeling error is greatly reduced. World-class Sumilabel™ software features allow for creative printing needs.

Recommended Ribbon:

Ribbon SM3 Super Ribbon

Print Performance:

Adherence: SAE-AS5942

MIL-STD-202G, Method 215J

Ribbon Storage:

Recommended temp. at +5° C to 35° C

Humidity: 10% to 85% relative humidity

Product Features:

- Auto calibration positioning for fast media changes.
- Convenient navigation panel.
- Ethernet or USB communication.
- Fully compatible with all Sumitag™ products.

Technical Specifications:

Print Resolution	300 dpi
