

PRODUCT INFORMATION SHEET

SGR Battery Cable

125°C - General Purpose - Thermoset Elastomer Insulated-3000hrs

Features

Copper Conductors per ASTM B 354
Insulation Material: Thermoset Elastomer
RoHS Compliant

Applications

Low tension cables for -40°C to 125°C
Low voltage ≤ 60 V DC
Temperature -40°C to 125°C

Compliance

SAE J1127 DEC2015

Product Options

Colors available upon request
Packaging Options: Reels, various sizes and disposal or recyclable
