

# PVC/PVC - Type SVT

Portable Cord

UL: 60°C, 300V

CSA: -60°C, 300V, FT2

IEWC Part Number	AWG	No. of Conductors	Stranding	Nominal Insulation Thickness		Nominal Jacket Thickness		Nominal O.D.		Approx. Weight		Ampacity <sup>01</sup>
				in	mm	in	mm	in	mm	lbs/1k ft	kg/km	
<b>SVT1802</b>	18	2	41/34	0.015	0.4	0.030	0.8	0.235	6.0	35	52	10
<b>SVT1803</b>		3	41/34	0.015	0.4	0.030	0.8	0.240	6.1	40	60	10

<sup>01</sup>SVT ampacities are for general use with ambient temperature @ 30°C per NEC Table 400.5

## Notes

- Soft-annealed, bare copper conductor
- Polyvinyl chloride (PVC) insulation
- Polyvinyl chloride (PVC) jacket
- RoHS Compliant
- Standard jacket colors: black, white & gray

## Alternative Constructions

- Shielded constructions
- Coil cord

## Available Certifications

- UL: VW-1
- CSA: FT1

No. of Conductors	Standard Conductor Insulation Colors
2	White, Black
3	White, Black, Green
