## 7438WS Multi-Conductor - 600V FCC Control Cables for Moderate Flexing

For more Information please call

1-800-Belden1

### **General Description:**

14 AWG stranded (41x30) bare copper conductors, PVC-Nylon insulation, Shielded, oil- and abrasion-resistant PVC jacket.

| Physical Characteristics (Overall)                               |                                      |  |  |
|--|--------------------------------------|--|--|
| Conductor<br>AWG:  |                                      |  |  |
| # Conductors AWG Stranding Conductor Material                    |                                      |  |  |
| 6 14 41x30 BC - Bare Copper                                      |                                      |  |  |
| Total Number of Conductors:                                      | 7                                    |  |  |
| Ground Wire  |                                      |  |  |
| Ground Wire (Y/N):   | Y                                    |  |  |
